ferratti ferro
coffee espresso machine

COMMERCIAL MACHINE SERIES

A strong mix of innovation and elegance,
that satisfies every lover of real Italian coffee and suits any environment.

These semi-automatic professional
coffee machines will be applicable in office, Ho, Re, Ca etc.

ferratti ferro
coffee espresso machine

**COFFEE MACHINES FOR
PROFESSIONAL & COMMERCIAL USE**

RoHS BSCI EMC CB LFGB ISO9001

PK	
ferratti ferro coffee espresso machine	TRADITIONAL BRANDS
professional 304 stainless steel filter with Ø58mm	the first layer of screen is grafting onto it
	
single porta-filter	double filter
	
	the second layer is just a single hole to increase pres
	
	with a plastic base
	
corrima machine is with S.S. filter and pre-infusion system can extract per fact crema directly	others need a single-hole to increase pressure, crema looks thick, but actually have no crema
	
with our S.S. single filter and pre-infusion system to ensure perfect extraction and crema	others is with double filter, but there almost is no crema, just bubbles

COMMERCIAL MACHINE SERIES

Model: FCM3100C

Description:

- Stainless steel mirror housing & plastic side cover;
- Multifunction for making coffee, steam and hot water at the same time;
- Touch electronic button for easy operation;
- Italian ULKA pump with 15bar pressure;
- Inlet pipe to connect tap water & Drain pipe to drain water directly;
- With LED Illuminator; Temperature and time can be adjusted when making coffee;
- Different barometers show the pressure when making coffee and steam;
- Dual boilers: one is 500ml s. s. boiler with s. s. heating tube to make temperature more stable for making coffee; another is 7L s.s. boiler for making steam and hot water;
- Professional s. s. porta-filter holder and filter with 58mm diameter;
- Pre-infusion system to ensure perfect extraction and crema;
- S. S. steam and water tube for cappuccino and hot water;
- Top cover cup-warming plate & Adjustable non-slip foot.

Power Consumption	3450W
