coffee espresso machine

## COMMERCIAL MACHINE SERIES

A strong mix of innovation and elegance,  
that satisfies every lover of real Italian coffee and suits any environment.

These semi-automatic professional  
coffee machines will be applicable in office, Ho, Re, Ca etc.

## COFFEE MACHINES FOR PROFESSIONAL & COMMERCIAL USE

RoHS
 BSCI
 EMC
 CB
 LFGB
 ISO9001

PK	
 coffee espresso machine	TRADITIONAL BRANDS
professional 304 stainless steelfilter with $\Phi 58\text{mm}$	the first layer of screen is grafting onto it
	
single porta-filter	double filter
	
	the second layer is just a single hole to increase pres
	
	with a plastic base
	
corrima machine is with S.S. filter and pre-infusion system can extract per fect crema directly	others need a single-hole to increase pressure,crema looks thick,but actually have no crema
	
with our S.S. single filter and pre-infusion system to ensure perfect extraction and crema	others is with double filter, but there almost is no crema, just bubbles

COMMERCIAL  
MACHINE SERIES

Model: FCM3506

Description:

- Desktop metal spray housing with spray color;
- Multifunction for making coffee steam and hot water at the same time;
- Touch screen for easy operation, adjustable temperature and flow rate;
- Dual boilers: one is 550ml s.s boiler with s.s heating tube to make; temperature more stable for making coffee; Another is full or s.s primary and secondary boiler with 5.25L capacity for making steam and hot water;
- Commercial rotary vane pump with 9 bar pressure;
- Inlet pipe to connect tap water and drain pipe to drain water directly;
- Professional s.s porta-filter holder and filter with 58mm diameter;
- Manual control for hot water and steam function;
- With barometer shows the pressure when making coffee;
- With flow meter and full inner cooper pipe;
- Auto-pressure release to protect the machine;
- S.S steam and water tube for cappuccino and hot water;
- Pre-infusion system to ensure perfect extraction and crema.

# COMMERCIAL MACHINE SERIES

Model:	FCM3128
Description:	<ul style="list-style-type: none"><li>• Stainless steel housing ;</li><li>• Multifunction for making coffee, steam and hot water at the same time;</li><li>• Commercial pump with 9bar pressure ;</li><li>• Dual boilers: one is 550m1 S.S boiler with S.S heating tube to make temperature more stable for making coffee;</li><li>• Another 1L boiler for making steam and hot water;</li><li>• 1.7L removable water reservoir;</li><li>• With barometer, show the pressure of coffee;</li><li>• Professional S.S. porta-filter holder and filter with 58mm diameter ;</li><li>• Pre-infusion system to ensure perfect extraction and crema;</li><li>• S.S. steam and water tube for cappuccino and hot water ;</li><li>• Removable drip tray for easy cleaning</li><li>• Also can connect drain pipe to drain water directly ;</li><li>• Top cover cup-warming plate&amp; adjustable non-slip feet.</li></ul>

Power Consumption	2950W
Voltage	220V~50Hz
N.W/G.W	23.5kg/PCS;28.5kg/PCS
Unit Size/CTN Size	410*320*515mm/526*376*610 mm
Package	1PCS / CTN
Loading Capacity	220PCS/442PCS/444PCS
(20'GP/40'GP/40'HQ)	

# HOME MACHINE SERIES

A real espresso machine for real coffee,  
you can drink espresso every day in home.  
Innovative s.s. boiler technology & Pre-infusion system  
to ensure perfect extraction and cream.

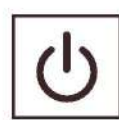

## HOME MACHINE SERIES

A strong mix of innovation and elegance, that satisfies every lover of real Italian coffee and suits any environment. These semi-automatic professional coffee machines will be applicable in office, Ho, Re, Ca etc.

MANUAL CONTROL

POWER CONTROL

COFFEE HEATING TUBE

HOT WATER

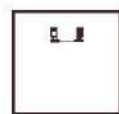

STEAM

COFFEE TABLE

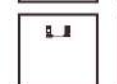

COFFEE

COFFEE HEATING POT BODY

## HOME MACHINE SERIES

Model:	FCM3005C
Description:	<ul style="list-style-type: none"> <li>• Stainless steel housing;</li> <li>• Italian ULKA pump with 15 bar pressure;</li> <li>• 1.7L removable water reservoir;</li> <li>• Thermoblock with s. s. heating tube to prevent aluminum oxidizing and healthier;</li> <li>• With a barometer, can know the pressure when making coffee;</li> <li>• Professional s. s. porta-filter holder and filter with 58mm diameter;</li> <li>• Pre-infusion system to ensure perfect extraction and crema;</li> <li>• S.s. steam nozzle for cappuccino or latte;</li> <li>• Removable drip tray &amp; top cup-warming plate.</li> </ul>
Power Consumption	1450W
Voltage	220-240V
Frequency	50Hz
N.W	6.8KG/PCS
G.W	8KG/CTN
Unit Size	290*255*325mm
G.B Size	357*287*367mm
CTN Size	370*300*380mm
Package	1PCS/CTN
Loading Capacity(20'GP)	622PCS
Loading Capacity(40'GP)	1314PCS
Loading Capacity(40'HQ)	1542PCS

Powe Working	15 Bar
Loading Capacity (20'GP)	858PCS
Loading Capacity (40'GP)	1772PCS
Loading Capacity (40'HQ)	1960PCS

HOME MACHINE SERIES

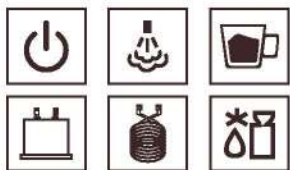

Model:	FCM5700
Description:	<ul style="list-style-type: none"><li>• Grinding Bean Gear: 15 Gears Manual Adjustable (tentative), 5 Gears Brewing Pressure (&gt;9bar).</li><li>• Flowmeter precise control, can automatically brew large and small cups of coffee (large 60 ml,small 30 ml).</li><li>• Cone mill direct powder dropping system, no powder outlet, no powder hiding, removable grinding head, easy cleaning Central temperature of coffee funnel : 92±2°C.</li><li>• The thermal efficiency of brewing system can reach more than 90%.</li><li>• With automatic power-off function, economize on environmental protection.</li><li>• Double NTC High Precision PID Precise Temperature Control.</li></ul>
Type	Coffee Machine with Built-in Grinder
Power	1470W
Voltage	230V
Frequency	50Hz
Size	L348 x W322 x H410 MM
Brewing Pressure	20BAR
Water Tank	2.7 L
Bean Hopper capacity	250 GRAM
Material	STAINLESS STEEL
Loading Capacity (20'GP)	435PCS
Loading Capacity (40'GP)	820PCS
Loading Capacity (40'HQ)	830PCS

HOME MACHINE SERIES

Model:	FCM4675
Description:	<ul style="list-style-type: none"><li>• 15 bar powerful pressure pump</li><li>• Thermoblock fast heating system to ensure the precise temperature and instant steam.</li><li>• Aluminum alloy boiler with stainless steel heating channel to prevent aluminum oxidating.</li><li>• 1.5L removable transparent water tank.</li><li>• Dual-stainless steel filter with patent design to make perfect cream.</li><li>• Can make coffee with coffee pod or ground coffee.</li><li>• With high pressure frothing function to make cappuccino.</li><li>• Elegant design with stainless steel decoration.</li><li>• With overheating and overpressure protected device safe and reliable.</li><li>• Elegant design with stainless steel decoration.</li><li>• Detachable frothing device and drip tray.</li></ul>
Power Pump	15 Bar
Water Tank	1.5L
Loading Capacity (20'GP)	740PCS
Loading Capacity (40'GP)	1556PCS
Loading Capacity (40'HQ)	1820PCS

HOME MACHINE SERIES

Model:	FCM4629
Description:	<ul style="list-style-type: none"><li>• Pump can provide 15bar powerful pressure for rich taste.</li><li>• Die-casting aluminum alloy boiler.</li><li>• 1.0L detachable transparent water tank.</li><li>• 1-2 cups dual-stainless steel filter with patent design to make perfect crema.</li><li>• With high pressure frothing function for making cappuccino or other hot beverage.</li><li>• With overheating and overpressure protected device safe and reliable.</li><li>• Detachable drip tray for your easy cleaning.</li><li>• Warming plate for coffee cups pre-heating.</li></ul>
Power Pump	15 BAR
Water Tank	1.0 L
Voltage	230V
Frequency	50Hz
Loading Capacity (20'GP)	435PCS
Loading Capacity (40'GP)	820PCS
Loading Capacity (40'HQ)	830PCS

HOME MACHINE SERIES

Model:	FCM4602S
Description:	<ul style="list-style-type: none"><li>• Pump Can provide 15bar powerful pressure for rich taste.</li><li>• Die-casting aluminum alloy boiler.</li><li>• 1.4L large detachable water tank.</li><li>• Aluminum alloy filter holder attached with dual-stainless filter.</li><li>• Can make coffee with coffee pod or ground coffee.</li><li>• Make espresso with perfect crema.</li><li>• With high pressure frothing function.</li><li>• 3 switches with indicator lights.</li><li>• With 2 independent thermostats to ensure the temperatures of water and steam more accurate.</li><li>• Detachable frothing nozzle and drip tray for easy cleaning Metallic cup plate for coffee cups pre-heating.</li></ul>
Power Pump	15 BAR
Water Tank	1.4L
Loading Capacity (20'GP)	910PCS
Loading Capacity (40'GP)	1866PCS
Loading Capacity (40'HQ)	2102PCS

HOME MACHINE SERIES

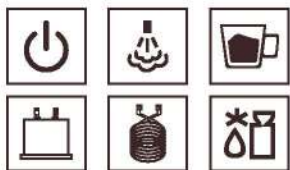

Model:	FCM4626
Description:	<ul style="list-style-type: none"><li>• Pump can provide 15 bar powerful pressure for rich taste.</li><li>• Die-casting aluminum alloy boiler.</li><li>• 1.5L large removable water tank.</li><li>• 1-2cups dual-stainless steel filter with patent design to make perfect crema.</li><li>• Can make coffee with coffee pod or ground coffee with high pressure frothing function for making.</li><li>• Cappuccino or other hot beverage.</li><li>• Elegant design with ABS spraying color decoration with overheating and overpressure protected device.</li><li>• safe and reliable.</li><li>• Adjustable steam knob for convenient operation.</li><li>• Detachable frothing device and drip tray for easy cleaning.</li></ul>
Power Pump	15 BAR
Water Tank	1.5 L
Loading Capacity (20'GP)	990PCS
Loading Capacity (40'GP)	2050PCS
Loading Capacity (40'HQ)	2218PCS

# HOME MACHINE SERIES

Model:	FCM4656
Description:	<ul style="list-style-type: none"><li>• With rotary high pressure steam-spouting pipe, can choose to make espresso and cappuccino at will with aluminum diecasting boiler (800w).</li><li>• With two independent thermostats to control the temperatures of water and steam.</li><li>• With overheating protecting device for safe and reliable using.</li><li>• With thermometer on the front of the body to show the temperature clearly.</li><li>• With detachable drip tray for convenient cleaning.</li><li>• With safe device and automatic pressurereleasing protecting device.</li><li>• With safe device and automatic pressurereleasing protecting device.</li><li>• With detachable drip tray and high pressure funnel for convenient cleaning.</li></ul>
Power Consumption	800 W
Brewing Pressure	15 Bar
Voltage	220V/50Hz
Water Tank	240 ML
Heating Time	45 Seconds
Porta Filter	Unpressurised
Portafilter	Die Cast Alumunium Diameter 52mm
Basket Filter	Stainless Steel SUS304 Single Basket
Dimension	237 x 210 x 310 mm
Loading Capacity (20'GP)	1132PCS
Loading Capacity (40'GP)	2340PCS
Loading Capacity (40'HQ)	2596PCS

# HOME MACHINE SERIES

Model:	FCM5018-GS
Description:	<ul style="list-style-type: none"><li>• 220-240V/50Hz/1100W.</li><li>• 15bar powerful pressure pump.</li><li>• Die-casting aluminum alloy boiler.</li><li>• 1.2L detachable transparent water tank.</li><li>• 2 cups dual-stainless steel filter.</li><li>• With high pressure frothing function.</li><li>• With overheating and overpressure protected device.</li><li>• Detachable drop tray for easy cleaning.</li><li>• Adjustable steam knob.</li><li>• With thermometer to show the temperature clearly.</li></ul>
Power	1100W

## STEAM MAKER

*ferratti ferro*  
coffee espresso machine

Model: FCM1206

### Description:

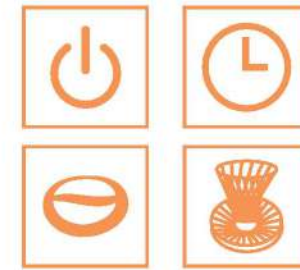

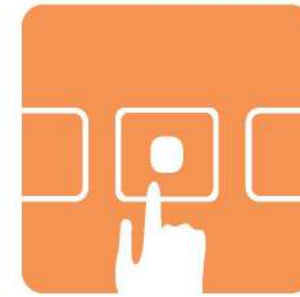

- Multi-purpose: can make Cappuccino/Latte and different kinds of hot drink;
- Easy for operation with touch button and light indicator;
- Professional rotary steam nozzle;
- Italian ULKA pump 15 bar;
- Dual thermoblocks heating system with stronger steam and more efficiency;
- With double thermostats for temperature control protection;
- Automatic pressure release and keep safety;
- With detachable water tank and drip tray;
- With temperature sensor, can set the temperature and stop automatically;
- Cup warmer function.

Power Consumption	1650W
Voltage	220V/50Hz
N.W/G.W	7.2KG/PCS ; 8.7 KG/PCS
Unit Size/CTN Size	310*220*381 mm / 380*280*430 mm
Package	1PCS/CTN
